# GuideControl

 light guide cable tester
 

Prevent faulty light guide cables reaching the OR!

## One connector to fit all brands

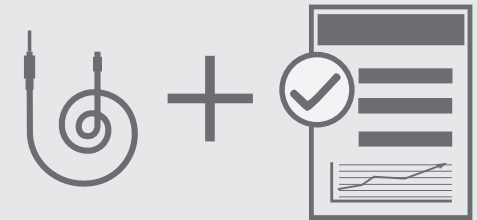

Easily connect all your common light source & instrument connectors.

## Detailed test reports

Includes clear dashboards for managers:

Daily, weekly, monthly and yearly overview of your test results.

## Clear pass or fail indication

The unambiguous user interface of the GuideControl will tell you whether the cable can be used or not.

Green: Passed

Red: Failed

## Light guide cable identification (UDI)

Fully able to identify your cables. GuideControl facilitates printed barcodes and RFID.

(DoviSCAN compatible)

Datamatrix

RFID

## Data storage

Keep track of all your registered and unregistered light guide cables.
